I am a US Navy Veteran and fought in Nam. We did this to keep freedom of speach as a Good given right. Therefore I am asking YOU to make sure that XM radio has the right to broadcast without any interfearence from the NAB. I have been a subscriber since the very start of XM radio. I now enjoy using there new weather and traffic broadcasts. I DO NOT WISH FOR ANYONE TO IMPEAD MY RIGHT TO LISTEN TO XM RADIO. Please make sure that as the FCC you do not permit this to happen.
